

Dear Sinclair Broadcasting,  
I am VERY concerned that you are forcing your stations to air an anti-Kerry documentary days before the election without airing an anti-Bush documentary with equal time is a way of choosing to pursue partisanship rather than your broadcaster's duty to the public or to your own business interests.

Are you just giving what is good for the bottom line?  
Or are you giving equal and just time to both sides?

Please consider doing the RIGHT thing! The thing all citizens deserve!
